

*CITY OF
WEST LIBERTY*
A COMMUNITY OF OPPORTUNITY

The City of West Liberty partnered with a Service Line Warranties of America program through a partnership with the National League of Cities and the Iowa League of Cities. Their information can be found at <http://www.slwofa.com/> and all of their information will have the shared logo of the City of West Liberty and Service Line Warranties of America on any correspondence.

This is the only approved Service Line Warranty Program we are affiliated with which has been verified through the Iowa and National League of Cities which represents every member city in Iowa and the Nation.

Several residents have received information from insurance programs from other water and sewer line insurance companies. The city is not familiar with any other service companies and encourages residents to check with City Hall or the Better Business Bureau before purchasing any other insurance program.

Any questions stop in or contact City Hall.
